

# Dental Coverage

— Coordinated Care Plans —

## Connecticut

WellCare is pleased to offer you dental coverage that focuses on the importance of preventive care. Taking care of your teeth and gums begins with regular checkups and services.

## TAKE A BITE OUT OF YOUR DENTAL COSTS

Our coverage features fixed co-payments for many basic preventive procedures and may include additional services. Knowing what you have to pay ahead of time makes it easier for you to budget your dental dollars.

### DENTAL COVERAGE YOU CAN SINK YOUR TEETH INTO

WellCare offers you dental coverage with:

- Preventive services such as exams, X-rays and cleanings
- Low or no co-payments for many services
- Virtually no paperwork
- No deductible

In addition, some of our plans cover restorative care, such as fillings.

### BRIDGE THE GAP: SEE YOUR DENTIST REGULARLY

A key to good dental health is regular visits to the dentist. Our coverage of routine preventive services will keep your smile healthy. And our low or no co-payments keep your wallet feeling healthy, too. It's a combination that makes it easy to see your dentist often.

### BRUSH UP ON HOW TO GET YOUR DENTAL BENEFITS

WellCare offers you a network of participating dentists to choose from. To start getting dental care, simply call one of our network dentists. For full information on the dental benefits offered or for a listing of participating dental providers, call WellCare at **1-866-579-8006** (TTY **1-877-247-6272**), Monday–Sunday, 8 a.m. to 9 p.m. Eastern. Between 2/15/12 and 10/14/12, representatives are available Monday–Friday, 8 a.m. to 9 p.m. Eastern.

Please refer to your WellCare Evidence of Coverage booklet to find out which dental plan you have. Then refer to the corresponding column on the benefit chart (starting on the next page) to learn the specific items covered on your plan. On the chart, the first column is labeled “ADA Code.” ADA stands for American Dental Association. These are the billing codes that dentists use when they bill for services. Ask your dentist for the ADA Codes that he/she will use for the services you need. You can then look up the codes to see if they are covered on your plan. Before obtaining services, you should discuss your treatment options with your dental provider. You may be responsible for the cost of dental services not covered by the plan. Authorization rules may apply.

# Preventive Services

*Dental—Preventive  
WellCare Choice (HMO-POS)  
WellCare Access (HMO SNP)*

WellCare is a Coordinated Care Plan with a Medicare Advantage contract. The benefit information provided herein is a brief summary, not a comprehensive description of benefits. For more information, contact the plan. Benefits, limitations, co-payments and restrictions may vary by plan and by county. Benefits, formulary, pharmacy network, premium and/or co-payments/coinsurance may change on January 1, 2013. You must continue to pay your Medicare Part B premium. If you meet certain eligibility requirements for both Medicare and Medicaid, your Part B premiums may be covered in full. Members also enrolled in Medicaid may be eligible for secondary coverage of their routine dental services by the state. Before obtaining these dental services, ask the provider if they are able to bill Medicaid as the secondary payer. Be sure to show your Medicaid identification card. Please contact WellCare for details. You must use network dental providers. If you obtain care from out-of-network dental providers, neither Medicare nor WellCare will be responsible for the costs. Contact WellCare for more information.
